Once again we bring you pages and pages of pictures of some of the world's most beautiful and uninhibited women together, fulfilling each other's sensual needs as only they know how. Stirring stuff!

This month's very erotic *True Story* is by a young masseuse, describing what happened when she got her first female client and telling how she quickly developed an avid appetite for all-girl action.

Then we have a special *Eros* probe into the secret life of a submissive woman and the Master who commands and controls her bizarre activities.

As always, there's *Total Turn-On*, in which readers' special interests are given an airing. This month's request is from a guy who just loves big boobs (who doesn't, I hear you cry?) and he tells us exactly why. Nice one, fella!

And once again, readers' sexual problems and queries of every kind are answered in *On The Couch* by our very own agony aunt, the totally unshockable Felicity Ryder.

Add an awed look at the magnificent new Aston Martin Vantage, plus jokes, cartoons, extra pages of raunchy readers' letters, horoscopes and much more, and you're holding one horny organ in your hot little hands.

PONY GIRLS IN HARNESS

I am surprised not to see more mention of pony girl carting in your pages. My girlfriend and I are members of a carting club, in the private grounds of a big house in Oxfordshire, and we are out practically every weekend, either racing against other members, and taking part in speed trials, hill climbs, etc, or just enjoying trotting through the woods and fields in the open air.

My girlfriend had never done anything like it before she met me, but on her first trial run she took to it so well and liked it so much that she was between the shafts for nearly three hours. With her big firm boobs, shapely bottom and long, slender legs, I can assure you she looked beautiful as she trotted along, pulling me behind her in the light cart. She has now won many races against some pretty tough competition, and I am proud of her.

Trotting naked in between the shafts in full harness, with the bit in her mouth and the narrow leather crotch strap pulled up tight, her big breasts swinging to and fro, makes her feel very sexy. Especially as she knows the man in the cart she is pulling is in complete control, directing her movements with whip and reins, and watching her bottom swaying from side to side, as he urges more effort.

Then when we get back to the stable, I take her out of the shafts and, still in harness, give her the shagging she is by now dying for. Believe me, if you have never tried pony girl carting, you are missing out on something very special.

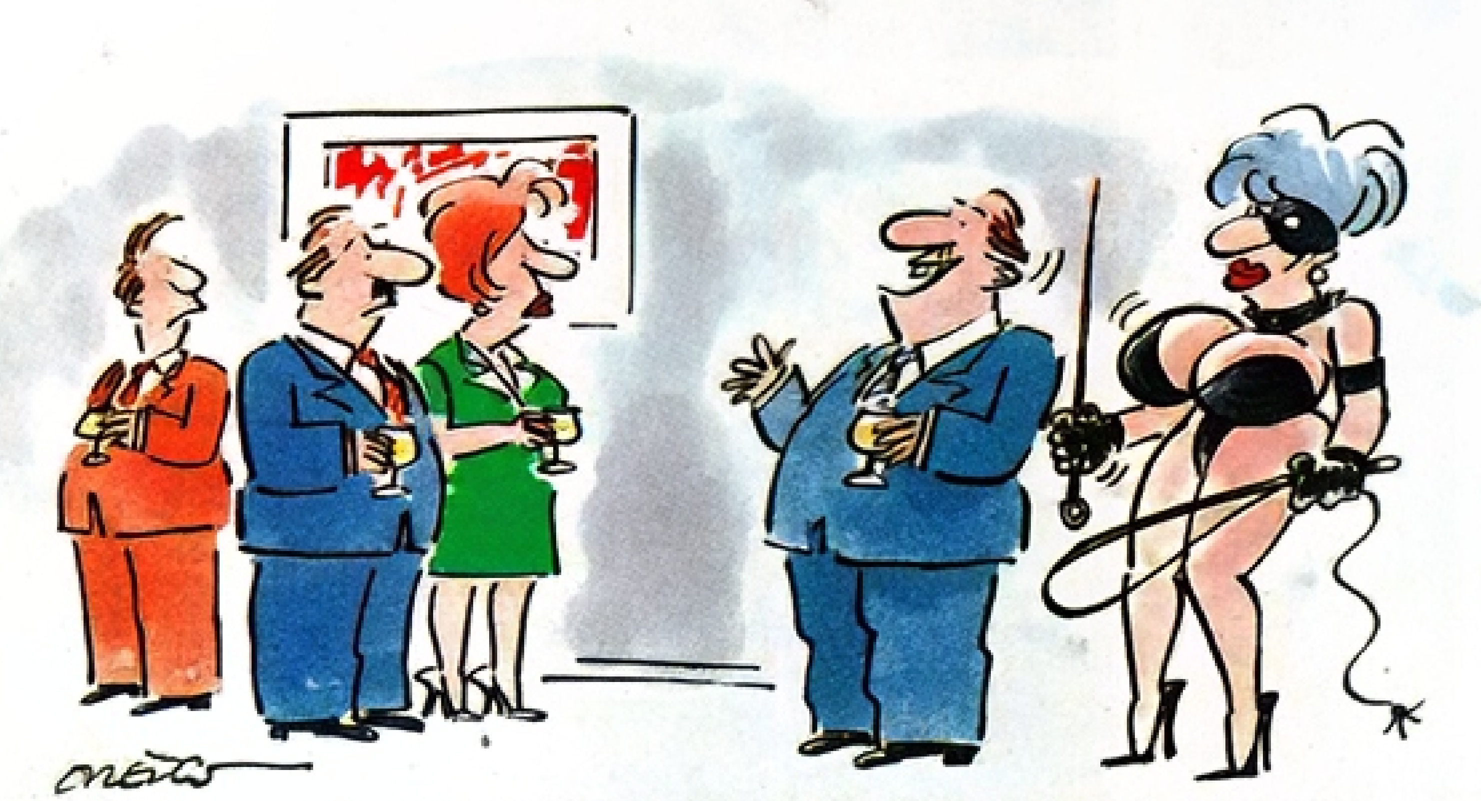
Paramedics in Miami took three hours to free a man who got his penis stuck in a swimming pool suction hole. Local police say he was not being held as 'there is no law covering unlawful sexual intercourse with a chlorinator nozzle.'



"...and this is the wife - she's an agony aunt!"

MORE WET SADDLES

I was very interested by the letter from the woman who has great comes while riding a horse. I can believe that bouncing rhythmically up and down while sitting with your legs stretched so wide apart can easily bring you off. I have never ridden a horse but I do ride a bike and it has the same effect on me.

I am nineteen and I have a ten-speed racing bike with low handlebars and a high saddle which is very narrow and hard. When I am riding I have to lean well forward with my bum up in the air, and this forces me to press my clit hard against the saddle. The regular movements of my legs as I pedal bring me off in no time. On one longish ride recently (about forty miles) I came three times, very strongly.

The comes I get on my bike are not as satisfying as those I get from being fucked, they really just make me very horny so that after I've been out for a ride on my bike I'm desperate for a long hard ride on my boyfriend's dick. Which he is happy to give me, I'm glad to say!

PUNISHING MY WIMP HUSBAND

I was interested by your recent letter on the wimp husband who is mastered, punished and humiliated by his wife's lover. My husband is made to suffer in the same way, except that my lover is another woman. I believe that this is even more humiliating for him.

I am twenty-eight, my wimp slave is forty. I had long had bisexual leanings, and actually had a very passionate affair with another girl when I was at college. Then, when I married, I thought I should put all that behind me. But my husband turned out to be a gutless little creep, always whingeing and whining and totally useless to me in bed.

Then one day I came home to find him masturbating over my shoes. That did it! I

Lena, Karen & Dawn

"We enjoy playing doctors. First, we all have to have a very intimate examination.
We undress each other, then one lies back with her legs spread wide while the other two make sure that everything's working properly - that her nipples get erect and hard when they're sucked, and that her pussy gets all wet and open when she's fingered and licked.
Everybody gets a turn, being carefully examined and tested and probed by the other two. We try not to come at this stage, but often we just can't help it.
By the time the examinations are finished we're so horny that we quickly make our diagnosis. It's always the same - we're all in urgent need of specialist attention.
The recommended treatment is to get in a daisy chain, with our heads between each other's legs, mouths on pussies, and give each other the kiss of life."

TUXEDO JUNCTION

When you're fabulously rich, amazingly famous, totally wonderful and absolutely adorable, it's incredibly easy to look a complete prat!

Going for a tramp in the woods? Here's a choice of two! Cindy Beale may have had more men up her than the Walford by-pass but sweet Suzanne Mizzi is as innocent as the day is long - but come the night...

Michael Hutchence must have needed all the magic powers of David Copperfield to make Paula Yates appear attractive. Now the clever conjuror goes one better and gives the 'Man who has Everyone' the clap so he richly deserves.

You can't take the sting out of Newcastle but you can take Newcastle out of Sting. The former Police man looks more like an old teddy boy than the bawdy Geordie he once was. No wonder everyone's said, "Don't stand so close to me!"

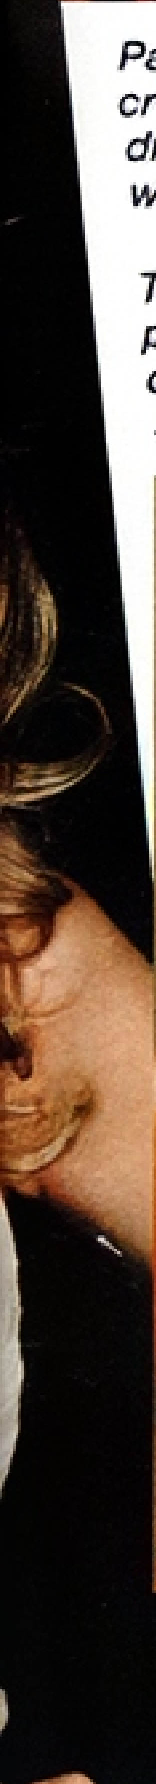
Paradis lost? Vanessa seems to have fallen in with a bad crowd at Jean-Paul Gaultier's party. Whose the one with the dread locks? That's Vanessa, but she'll get a chance to wash them properly in the morning.

There's always one drunken lech trying to muscle in at the party! This time it's Richard Branson who appears to be doing the, "You're a real mate, hic!" routine. Actually he stuck to Virgin Cola all night, and is just fizzed as a newt.



Here's a personal trainer who'll exercise one muscle at least. It's Claudia Schieffer who plays Macauley Culkin's PT instructress in the winsome, lose some movie, Richie Rich. It's enough to turn little Mac into a dirty mac!

Believe me, I'm not talking double dutch when I say there are more dykes in Britain these days than there are in Holland. And I wouldn't mind putting my finger in a few and all. Lesbians are everywhere. Whether it's East Benders' Binnie and Della or the Yorkshire lezzies 'Eee-by-gumming' each other's gashes on Emmerdale, you can't turn on the telly for minge munchers. At this rate you won't just need a TV licence to watch the soaps but a licker licence as well!

I have a soft spot for dykes - it's right here between my thighs. They like me too as a hole - a hole they can tease with their tongues slipping inside for a slower lap than Nigel Mansell in a milk float. But some of you fellas don't like dykes doing it with your woman. You get miffed when she gets muffed by another girlie. Well, don't get your boxers in a knot, guys. Having a latent lezzy for a partner can lead to some hot times for the two of you.

GETTING BI

Before I start, I know what you're thinking - has Sally ever had a lady in charge of her cockpit? The answer is that I get bi, but not all the time. Girlies are great at kissing. Their lips are lovely and soft and their breath doesn't smell of John Smiths! They also know exactly how to feather fannies with their tongues. It's like travelling with a cabby who's done The Knowledge after riding in mini-cabs. We know where our clitties are!

But unlike Christmas, cunnilingus is better to receive than to give! When I came face-to-face with my first fanny I was less than impressed. It was like french-kissing David Bellamy after a sushi supper! No, when it comes to Dick v Dyke, I know what gives my snatch a spoonful of sugar!

JUST FORE FUN

Most part-time dykes take up fanny fondling 'cos their fellas are far fonder of fucking tha foreplay. For many women, the gentle caress of our tits, the tongue on our twats and the nibble of our nipples is just as much fun as you pounding away at our pussies and breathing beer in our faces. If your missus is dreaming of doing it dyke-style, chances are its 'cos she fancies some gentle gingering up of her nips and clit rather than the usual get smashed-and-grab routine. Taking more time with your tease may well stop your other half going off cock.

Quite a lot of us girls have things that get us going that you don't seem to understand. Foot massage, neck nuzzling, slow gentle touches. Use a little imagination, guys. Think *Nine and a Half Weeks* rather than Nine and a Half Minutes!

A BIT OF FREE DOM

Other girlies turn to cunny-tonguing 'cos it's a chance to be on top in bed. We want to be in control occasionally, so why not l your lady take the lea

Whether it's Fender benders Fem 2 Fem or the dyke duos on the weekday soaps, lots of women are getting in a flap with a little lipstick lesbianism. But don't worry, guys - Sally Williams reckons a lezzy lover is hard to lick.

How To Lay a Latent Lezzy

if she then attaches it to a collar, puts it round your neck and suggests walkies you're in serious trouble.

There's a spanking good time to be had letting your woman play the dominatrix. It gives her a chance to dress up in all that pervy PVC, and tie you up! That way, you're bound have fun! Let her play with you at her own pace for once, then ride you like a race horse. It's a fair bet, you'll come first. Okay, so you won't be able to get your mucky mitts on her tits, but her frenzied fondling will have your cock as stiff as a sea breeze - only she'll be the one who's blowing!

THREE'S ALLOWED

If none of these suggestions satisfy her lezzy leanings, she really must want to grope another girlie. So why not let her? It might just warm her up for your wang, and she may even let you watch! Imagine seeing two lovely women writhing around on your bed together, kissing and licking each other's nipples, teasing each others' twats with their nimble fingers and tonguing them into a lovely long orgasm. As mixed doubles go, it beats bloody tennis on telly.

Better still, you may get to join in! Think what it would be like to have a pair of pervy girls rolling around on top of you, their eager hands roaming over their firm bodies, their hot breath on your face as they whip they're fannies into foam ready for your cock. Good, eh? Chances are they'll be so hot and horny by the end, you'll put your pud in the pair of them. Worth a little patience, huh?

So if your bird asks if she can have a woman in once or twice a week - and she doesn't mean for the cleaning, don't think your rod's been made redundant. Just let her have it her way for a change, and you could discover a whole new side to your sex life.

LEZ FACE THE MUSIC! Ten ways to tell if your lady's a latent lezzy.

1 She has more different dildos than you have drill bits for your Black and Decker.
2 She thinks k d lang is sexier than Madonna.
3 Her hand's in her panties every time those birds have a big snog on *Brookside*.
4 She says she fancies a bit of bondage, ties you up, then pisses off down the pub for a pint with the girls.
5 She rushes home for the women's shot-put on Eurosport.
6 She never wears skirts, but thinks it might be fun if you do!
7 She comes home breathless from sex aids parties.
8 She wants you to spend three hours on foreplay and not bother shagging her.
9 Her best mate was 'too busy with her career' to get married.
10 She has a better leather jacket and shorter hair than you.

Dawn & Stacey

"Dawn and I are both such horny little bitches. We love girl to girl sex but we do need cock as well. Our very favourite scene is us two together, plus a couple of well hung guys. We have a long slow session together first - lots of kissing and touching and stroking, then lying with our heads between each other's legs for lovely long, tantalising oral. We keep taking each other right to the edge, creaming all over each other's faces, but we never allow ourselves to come. Of course, the guys are watching us and we're watching the enormous dicks waiting for us. And when we're going crazy and we can't bear to wait any longer, we let the guys join us and they fuck us senseless, making us come over and over again, while we're still in each other's arms."

Submissive and Master

Every month FOR MEN enters the secret sensual worlds of bizarre and erotic deviation, talks freely and frankly to men and women of all sexual persuasions, and brings back the horny facts about their chosen way of life.

Only the names have been changed.

This month we delve deep and interview a submissive woman who loves to be exhibited and humiliated, and her dominant husband who loves to watch her suffer.

If you would like to tell us about your secret world, write to us with a contact telephone number. Your anonymity is guaranteed.

Jane and Tom are what used to be called yuppies. He is twenty-eight, ruggedly good-looking, something high up and well-paid in publishing. She is twenty-three, a tall, slim, creamy-skinned, green-eyed redhead, with an elegant body. She is a successful freelance illustrator. Very comfortably off, they live in a smart house in a fashionable part of London and have been married for two years.

Jane has stripped in pubs, and at stag nights and private parties, and appeared in porno videos and magazines, not for the money, but because she is a submissive exhibitionist who gets intense pleasure from these activities. Tom, who is a dominant voyeur, enjoys seeing his wife used in various humiliating ways.

EROS: So how did it all start?

TOM: I first saw Jane about four years ago. She was stripping in an East End pub, a real dive, after hours. She was lying on the floor, with her legs wide open, screwing herself with a giant dildo, surrounded by a gang of half-pissed guys who were all mauling her, grabbing her tits and arse and everything. She made herself come several times - genuine orgasms, I could tell - then wanked and sucked off a couple of these yobs. Then several more of them bent her over a table and screwed the arse off her. I could tell by her accent that she wasn't a local scrubber, but a girl who was doing this for kicks. It was love at first sight.

EROS: Was it just for kicks, Jane? Or were you hard up?

JANE: It was both at first. I was an art student at the time, so I wasn't exactly well off and it seemed like a good way of making some extra money. But the idea of performing like that really turned me on too. And I soon found that I got enormous pleasure from being used and humiliated like that. By the time I met Tom I was really into it.

EROS: But how did you get together?

TOM: I waited outside for her in the car and offered her a lift. When we got to her place she asked me in for coffee. We sat talking for ages and it was pretty obvious that we were well suited.

JANE: Not only did we we both fancy each other like mad, but my thing turned on the dominant streak in him as much as it did the submissive streak in me. He stayed the night and we've been together ever since.

EROS: How does it work now? Does Tom dominate you at home?

JANE: Not so much nowadays. He does punish me sometimes, but mostly his domination consists of him arranging for me to have little 'adventures.' I'm entirely in his hands as to what I have to do, and he can be very inventive - and very cruel.

EROS: So how often do you have these adventures?

TOM: Not too often. I suppose about every six weeks, which is about how long it takes Jane to recover from

the last one and get all horny and desperate to be used and humiliated in public again.

EROS: Do you always go with her?

TOM: Don't forget we both work. I go with her when I can, as that's the most exciting thing for me, actually seeing what happens, but it's not always possible.

JANE: Anyway, sometimes it's more scary and exciting when I have to go somewhere alone. Like the last time. Tom saw an ad looking for models in a Soho shop window and made me ring up.

The guy there asked me round so that he could have a look at me. It was a scruffy little place in a backstreet, at the top of a run-down old office building. There were two young guys waiting when I got there. There was a sort of bedroom set, with lights. I was in my usual tarty gear of course, stockings and spikes and mini, so I was already quite turned on. And scared out of my wits.

EROS: What happened?

JANE: They made me strip down to my stockings and shoes. They took a good close look at me, then offered me two hundred pounds for a session. I agreed, provided I could have a copy of the tape, which I knew Tom would love to have. They made me get into all kinds of very revealing poses, bending over and everything. I'm shaven, so I was completely exposed.

They were filming everything with a great big video camera. At one point, I was on all-fours on the bed, with my tits dangling and swinging, my bum up in the air and my legs spread as wide as I could get them. I could feel that I was very wet and open, and I could see that they both had hard-ons.

They filmed me like that, then one of them got his cock out, grabbed my hair and started fucking my mouth. The other guy filmed me taking it, then they swapped places. Then I felt my pussy lips being pulled wide and what felt like several fingers being pushed into me. I tried to pull away but I got my arse slapped hard so I kept still for him and let him fuck me. I must admit I was dying to be fucked, anyway.

EROS: So you were taking both cocks at once?

JANE: Yes. They kept swapping around, using me in different ways, taking turns to use the camera while the other one had me. It was beautifully humiliating - they treated me like dirt, as though they could do anything they liked with me. Which they could, of course.

EROS: Did you come?

JANE: Several times. That made it even more degrading. I tried not to but it was impossible. They certainly knew how to work me. They had me in every possible way, in every orifice. Then right at the end they both came in me, one in my cunt and one in my mouth.

I came too, naturally. I was there for about five hours, and when they'd

They had me in every possible way. Then right at the end they both came in me at the same time...

finished with me the bastards swore they'd only agreed to pay me one hundred. They were real little small-time crooks. I did get a copy of the tape though.

TOM: Which is now one of our most treasured possessions.

EROS: What else have you made her do?

TOM: A friend of a friend of mine knows a very high class call girl who offered to let me put Jane to work in her flat one Saturday when she was away. Just so long as we gave her whatever Jane earned.

JANE: That was amazing. The very thought of it scared me silly. And turned me on like mad, at the same time. Which is precisely the point, of course.

TOM: She had a maid and everything, just like a real tart. Things were a bit slack in the afternoon, so I sent her out on the street all dressed in tarty gear.

JANE: It felt very strange to be out, standing around looking like that. I could see people looking at me, thinking I was a real whore. It was horrible, but I have to admit I did get very wet and excited. By the time I did pick up a guy I was dying to be fucked, good and hard..

TOM: And fucked she was! I was watching her in comfort through a two-way mirror and I saw everything. He really got his money's worth.

JANE: I wasn't being very professional I suppose. The guy couldn't believe his luck. He'd just paid me fifty pounds for a straight fuck and he ended up doing everything to me.

EROS: Such as?

JANE: There was nothing he didn't do. I stripped for him, posed for him, sucked him, took him between my tits and in my pussy, took a spanking, and to cut a long story short, did everything he wanted.

TOM: She was fabulous. I managed to get some pretty good pictures through the mirror.

JANE: I had a couple more guys in the afternoon, then in the evening things started to get very busy. The phone was ringing non-stop. The girl who owned the flat obviously had ads up all over London and in magazines and everything.

TOM: The maid was kept very busy, answering the phone and the door. But she wasn't kept as busy as Jane. Though she did help out doing scenes with Jane when a couple of punters wanted a two-girl double dildo scene.

JANE: Her name was Sam and she was young and pretty, so that was exciting. I am very bi I'm afraid. I just love pussy.

TOM: There was a constant stream of guys coming in. And they all wanted different things. I'd warned Jane beforehand that she was not allowed to refuse to do anything, that she was meant to be a professional, and that meant giving the punters whatever they wanted.

EROS: I suppose she would have been punished if she'd refused to perform any particular service?

TOM: Absolutely. If you're going to do something you have to do it properly.

> **The maid came in, knelt between my legs, and sucked my cock as I watched Jane being fucked by two guys...**

JANE: That's what I love about Tom. He's a real Master. He never lets me get away with anything, and I would if I could sometimes, because I do like to try it on a bit.

EROS: So you were kept busy, Jane?

JANE: Very. Tom was keeping count and he told me later that I'd taken twenty-three guys, in every possible way.

EROS: You must have got very horny watching all this Tom?

TOM: I certainly did. But when Jane was seeing her last client, the maid came in and knelt between my legs and sucked my cock while I watched Jane being shagged by two guys. I came watching her on all-fours with a cock in her mouth and another up her from behind. It was fantastic!

EROS: Was it as good for you Jane?

JANE: It was totally fantastic. I was sore for days afterwards!

EROS: Thank you both.

& Suzanne

"I work in the same office as Sam. She's gay and very experienced, but until I met her I thought I was only into men. Then one night several of us went to a club after work. We all got pretty pissed and I was feeling very horny, so when she kissed me and stroked my tits in the cloakroom I just melted into her arms.

My pussy was streaming. We made our excuses and left, as they say, and got a cab back to her place. She made me come twice in the taxi, just using her fingers on my very erect clit. The driver was watching us in the mirror and he could hear me panting and moaning but I was too far gone to care. Then when she got me into bed she slowly sucked me to the biggest orgasm of my life. I still love men and cock, but now I need regular sessions with Sam as well to keep me happy."

Classic M

The beautiful new Aston Martin Vantage sports coupé - superb style and performance ...for lottery winners

There is a special place in the hearts of all car lovers for the authentic, classic sports car - the car that will provide grand touring in the true meaning of the word. The beautiful new Aston Martin Vantage, with its elegant hand-crafted aluminium coupé body and immensely powerful hand-built 5.4 litre, twin-supercharged V8 engine, does exactly that.

After undergoing the most stringent and comprehensive test and development programme in the company's history, the car is off to a fast start. Production has begun at the Newport Pagnell works and orders for more than fifty cars have already committed the first year's production.

An Aston Martin - one of the all-time great motoring names - is expected to deliver high performance with superb response and refinement at all speeds and under all driving conditions. The Vantage does just that. With a top speed of 186mph and the ability to accelerate to 60mph in 4.6 seconds and to 100mph in 10.1 seconds, will out-perform all but the most exotic road cars. Yet it is user friendly in every respect, having been designed for motoring enjoyment rather than sheer speed.

The all-alloy engine operates only with unleaded fuel, is catalyst equipped and, through the use of sophisticated Formula One electronics, meets or exceeds all current exhaust emission standards. It develops 550bhp with a corresponding 550lb/ft of torque. The management system is fully mapped distributorless ignition with multi-point sequential fuel injection and Lambda feedback. Transmission is six-speed manual. Up to 400 miles can be covered before the 23 gallon

uscle

fuel tank needs refilling.

Because of its exceptional performance levels, stopping power from World Championship Group C racing sports car technology has been adapted for the four-channel, electronically controlled anti-lock brake system. This features the largest ventilated disc brakes ever fitted to a production car, and the sliding aluminium calipers for the front brakes are taken directly from the firm's group C sports car.

The aluminium body is mounted on a high-strength steel chassis with steel side impact protection bars built into the doors. There is airbag protection for both driver and front seat passenger. The interior is luxurious. Connolly leather is used for the seats and soft trim surfaces, with contrasting burr walnut panelling around the instruments. Wilton carpet covers the floor, including that of the boot.

A two-door coupé, with two-plus-two seating, the Vantage carries passengers in air conditioned comfort; they also benefit from a special pollen filter with replaceable elements included in the system. A Sony radio cassette and CD player provides in-car entertainment.

Before taking delivery, all Vantage owners will be invited to take part in an advanced driving programme at the Goodwood racing circuit with former McLaren Grand Prix driver Peter Gethin. The asking price? A mere £177,600. Better keep buying those lottery tickets, guys!

TRUE STORY

Kelly had never had a girl client before, but she soon got a taste for what Honey had to offer...

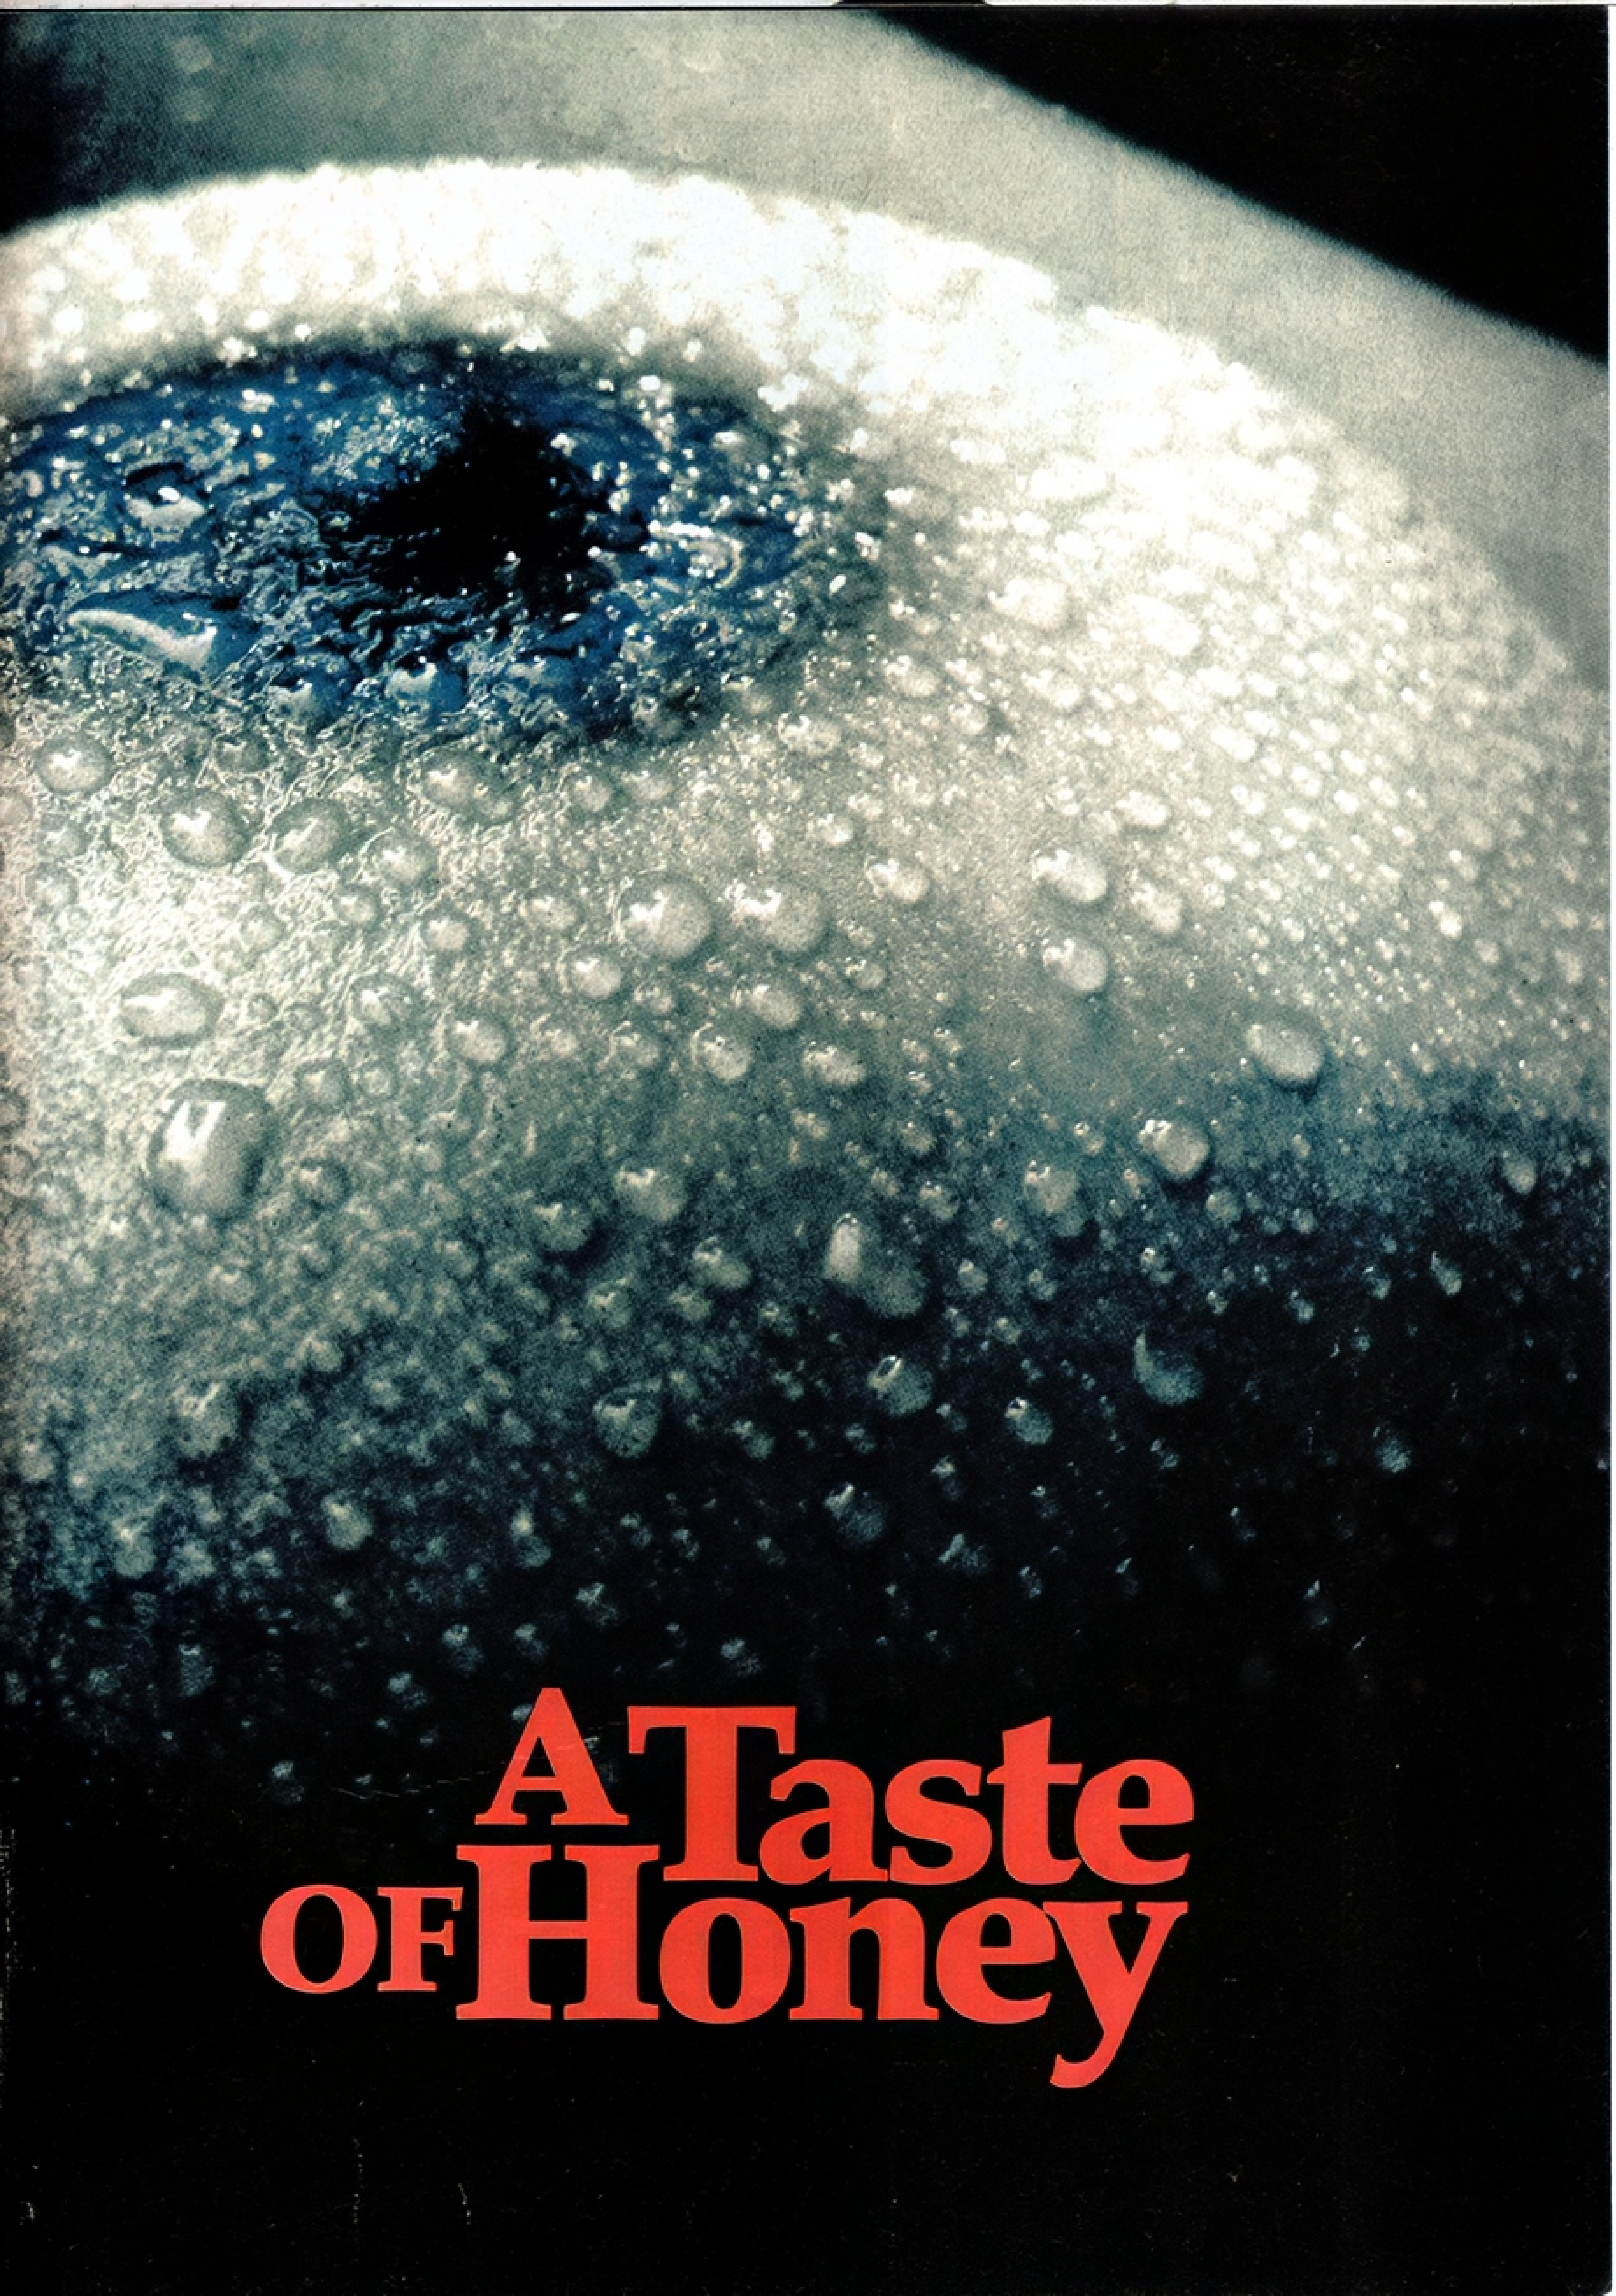
She came in one miserable Friday evening. It was raining stair rods outside and business was slack. Big Jan was giving some punter a corrective tit massage in cubicle four; young Gemma, the college girl, was doing a blowjob in number two; Gloria, the manageress, had her nose in a Mills and Boon; and I was just staring out of the window and wishing some horny guy would wander in and request my services. Not only did I need the money, I was also feeling extremely juicy and in need of cock.

I mean, that's why I'd taken the job. Still only twenty-three and newly divorced, I'd thought working in a massage parlour was a perfect way of making some money and getting lots of quality shagging at the same time. And usually it was. But tonight I'd only had five guys all evening.

One had wanted oral, which I love giving but just leaves me feeling hornier than ever. The other one had wanted full personal service, and he'd given me a really good seeing-to. But it wasn't enough, and I was hoping for more cock (and cash) before my shift finished at two, or it would be vibrator time when I got home and an unpaid gas bill.

Of course my first thought, watching her speak to Gloria, was that she was looking for a job. She was black and gorgeous, and the punters would love her. It never occurred to me that she might be a punter herself. I was still new to the work and I'd never done a female client, and the other girls assured me that lesbians and bi women rarely came in.

Which was fine by me. I love men. I love massaging them and teasing them, watching their balls swell and their cocks get big and hard. And I love bringing them off, making them spunk with my hands or between my tits or in my mouth, while they suck my nipples and finger my wet pussy. Best of all, I like it when they want to shag me, and I bend over the massage table and they fuck the



A Taste of Honey

arse off me from behind.

So when Gloria handed her over to me and told me to take her to cubicle three, I was a bit gobsmacked. I tried not to show it though. I led her along to three and helped her undress and climb up onto the table. She looked fabulous, only about nineteen, tall and slim, with long legs and big tits, a sweet little face and a beautiful bottom. She lay on her tummy, her legs slightly spread, and smiled up at me over her shoulder. "What's your name?" Her voice was husky, with a slight American accent.

I told her my name, Kerry. "Hi Kerry. My name's Honey. I'd like a massage and full relief please." Then she closed her eyes and relaxed as I started to smooth the warm, scented oil into her neck and shoulder muscles. I gradually worked my way down the length of her spine with long, sweeping strokes, then gently began to knead her firm buttock muscles and the tops of her thighs. As I slid my oily fingers into her bum cleft, and gently probed her tight, puckered arsehole, I felt her legs part more widely, as though encouraging me to explore further.

Close To Climax

I didn't need much encouragement. Although I'd never touched another woman so intimately before, she felt good under my hands and I was getting very turned on. I was naked under my short white coat, except for stockings and suspenders, and my erect nipples kept rubbing on the material every time I moved, which always made them big.

I trailed my fingers slowly along the length of her bum cleavage, right down to her plump pussy lips, and felt them part under my touch. She was very wet, and she groaned as my fingers entered her. I fucked her slowly and gently with three fingers while easing my thumb into her bumhole. "Christ yes, I love that," she gasped, and she began to move with me, rhythmically pressing back against my hand, desperate for even deeper penetration. I sank into both orifices as far as I could, moving steadily in and out of her warm wetness while she writhed, impaled on my hand. She was close to orgasm when at last I withdrew, and she moaned desperately: "Oh no, don't stop..."

I assured her that I wasn't stopping, that I just wanted to position her so that I could do even more lovely things to her. Then I turned her over onto her back and she lay gazing up at me beseechingly, her body trembling. I began to work on her breasts, squeezing and stroking them with both oily hands while I sucked the hard peaks of her erect nipples, first one then the other. As I sucked she reached out and unbuttoned my white coat. I quickly shrugged it off so that she could get at me.

I felt her hand sliding up between my legs, and I spread them to give her full access to my pussy. As I kissed and licked down across the slight curve of her belly, she slid her fingers into me. It was wonderful to have something hard in my sopping, swollen cunt, and I sagged at the knees, trying to press down on her hand. Her fingers still in me, she began gently stroking my clit with her thumb. Her legs were very wide now, and I licked and gently bit the soft flesh of her inner thighs, before slipping the tip of my tongue into her gaping slit. She opened easily under my touch, her juices pouring from her and running down between her buttocks. I gently spread her swollen lips and sank my tongue deep into her depths, fucking her hard and fast with it, while I slid one lubricated finger in and out of her bottom. She tasted wonderful. She squirmed and groaned, arching up off the table to press her cunt against my mouth. "Please," she murmured desperately. "Please let me suck you."

I felt her hand sliding up between my legs, and I spread them to give her full access to my pussy as I kissed and licked down across the slight curve of her belly to her mound...

"I thought you'd never ask," I said.

We exchanged a long, lingering kiss, then I got up onto the table with her, straddling her face and leaning forward. I felt her mouth on my thighs and buttocks, in my crevice, spreading and tasting, licking and sucking and probing. I kissed and teased her plump mound, nuzzling my face in her frizzy bush while she played with me. Then I felt my engorged lips pulled wide and I screamed as my clit was sucked into her hot mouth.

Spreading Me Wide

I returned the compliment, taking hers into my mouth and massaging its tip with my tongue. We stayed like that for a long time, gently sucking each other's clits, both moaning loudly, panting harshly, our bodies jerking and spasming uncontrollably as we took each other over and over again to the brink of orgasm. Then, somehow, we both knew that we could hold out no longer, and now when the tremors came we kept sucking and working our tongues on the big clits throbbing in our mouths. And we came together, over and over, trembling and shaking, each pouring our cream into the other's mouth, until we were spent. Then I collapsed on her and we lay shaking in each other's arms, our heads still between each other's legs, slowly recovering.

Later I helped her shower, then she dressed and we hugged and kissed goodbye. "You were wonderful," she whispered. "I'll be back, and I'll make sure I ask for Kerry."

"You were beautiful too, Honey. I'll look forward to it," I answered, truthfully. Then she was gone, and the next thing I knew Gloria was showing a guy into my cubicle. He was mature, but with a good body and a hefty prick which he certainly knew how to use. We went right through the card together and he had me in every possible way, before finally bending me over and fucking me long and hard and deep. It was great, and I came twice. But I couldn't help thinking of Honey, and the wonderful taste of her cunt and the feel of her erect clit under my tongue. I hope she'll be back soon. Very soon.

Chrystal & Rose

"I'm very democratic, I have both male and female submissives in my service. But I prefer to put the males to work on household tasks and use the females as dressers and body slaves. Not only do they have much better dress sense, but they look so much more beautiful kneeling at my feet, begging to be allowed near my pussy. And when it comes to oral servitude, no man can match the delicate touch of a girl like Rose. Their mouths are softer, their tongues are more sensuous. It's because they have a pussy themselves and when they're serving me, they identify with my feelings and almost feel what I am feeling. I only use the males when I need something big and hard to ride on. But both males and females are severely punished if they displease me."

TOPLESS BOXING TURN-ON

I have just seen the most erotic show I've ever seen and I want to see more. I went up to London to spend the weekend with an old friend. On the Friday night when I arrived, he told me that he had to go out and didn't know whether he should invite me along or not.

Eventually, I got it out of him that he'd got an invitation to a female topless boxing contest and it was strictly invitation-only. I told him I'd love to see it and would take a chance on getting let in. We turned up at this big pub in South London and took the back stairs to a function room above it.

There was a boxing ring in the middle of the room and a hushed but highly-charged atmosphere. Men were standing around in a state of excited anticipation. Then the first couple of girls came on. They wore boxing shorts and boxing gloves and were of average looks. One was small and dark with bouncy tits with huge brown areolae. The other was skinny, with long blond hair and small apple-shaped tits.

They started scrapping viciously and their bodies were soon transformed into panting, flushed, bundles of energy, their faces were red and their eyes like devils. When these two first girls had finished, and the blonde one had given in

She gently pushed my knees apart and began servicing me with her flickering tongue...

We regret that we cannot enter into any correspondence, and can only answer the letters published on these pages.

to the strength of the other, I have to confess that I went off to the gents for a wank. It spurted almost as soon as I touched my very hard dick. Then I was back beside the ring, watching another couple of bouncing babes pounding away at each other's flesh and turning on the whole audience.

I've seen striptease and I've been on nudist beaches, I've watched blue moves and I've seen topless go-go but nothing anywhere near as horny as this topless fighting.

JG, Grantham

I have been to female wrestling matches in mud and agree with you that there's something very erotic about women fighting, especially when you can see their tits and cunts. We're used to seeing naked women being gentle and tender, so watching them fight is quite a shock. It's great to see sexy women showing agression.

MY GIRL TAKES A FOOT

My girlfriend quite often asks me to put my foot inside her vagina. She insists she wants it all the way in, and she tries very hard to fill herself with it but, as you can imagine, we don't always get it in up to the heel.

I hate watching the pained expressions on her face as I twist and shove my leg up towards her vagina. Sometimes I wonder if she is trying to tell me something, like my dick's not big enough. What do you think?

PW, Camberley

I don't think you should worry about giving your girlfriend what she wants, even if she is grimacing while she gets it. Find out what it is about having your foot up her that is so exciting as I'm sure she'd like to chat about it. Maybe she has a thing about feet, or maybe she likes to feel stuffed.

Most likely she likes to imagine her pussy being at the end of a powerful leg which could kick and toss her in the air. Play with stories and fantasies to see where it's all coming from. Be careful not to get the heel inside though, because you might get it stuck up there and it just might be a bit awkward getting into the ambulance.

French police figures show that there are now more male transvestites, almost all Brazilians, working as prostitutes in Paris and Marseilles than genuine females. Punters rarely spot the difference, say the gendarmes.

IS MY TONGUE TOO BIG?

I want to ask your opinion about something really personal. Twice now I've been in a club and found myself kissing girls in a corner, and both girls have told me that I've got a really large tongue.

It seems to have put them off and the experiences have given me a terrible complex. So much so that I have been afraid to follow these girls up, or approach other women. I have searched the sex books and problem pages to see if there is any advice on this but found nothing.

Please help me.

TR, Slough

Perhaps you have got a specially large tongue but what is so terrible about that? I'm sure any girl who loves oral would be very glad to meet you. Try to think of your large tongue as an asset, not some kind of liability!

COMING IN THE TREETOPS

I met up with an old school friend a few months ago and it's been quite traumatic. She was a bit of a tomboy. Among other games, we used to climb trees and make little tree houses. I always got the message that she saw me as a future husband.

Now Ruth has told me that she used to have big

On The Couch

orgasms sliding down the tree branches and her experience with me in trees was like a sexy dream for her. She's now insisting that we climb a tree together again (aged twenty-seven!). Do you think I should go along with her desires?

I know it would mean a lot to her but I have a wife and baby now and cannot give her a permanent relationship. My wife tells me that all childhood fantasies should be fulfilled, and she wouldn't object to my giving her what she needs.

CW, Morpeth

I can't see anything wrong, especially if your wife approves. Perhaps Ruth will become a friend of the family and she might fancy one of your friends and settle down with him. I think it's important to stay childish in your sexuality, be really adventurous and open. Otherwise you become dull.

I NEED A NICE MAN FOR SEX

I live a very solitary existance. I looked after my mother until she died and now I live on my own and feel I'm sinking into middle age without having experienced any fun. One of the reasons I stayed at home when my sisters left was that I am disabled and was told nobody would want me. I am also very shy.

I am not gay but buy your magazine to see what beautiful, women look like, in the hope of copying them and becoming a sexy-looking woman myself, in order to attract a nice man. I am desperate to have sex and play with myself all the time. But what I really want is a man, not a vibrator. I have no hope, and no way of meeting people. Can you please give me any ideas about what I might do? I really do feel quite desperate!

KL, Chatham

Don't despair! There are plenty of nice men who would love to meet you. You should join Outsiders, an organisation for people such as yourself. They have far too many men in their membership so you would easily find boyfriends, and plenty to choose from. The address is PO Box 4ZB, London W1A 4ZB.

Nudist athletes are planning their own Olympics to mark the year 2000. Male competitors will receive special training to avoid mishaps when hurdling and handing over the baton in the relay race.

WILL A THREESOME WORK?

My problem started a couple of months ago, after I'd had my usual Friday morning swim. I'd just stepped under the shower to wash off the chlorine, when a girl came in from the pool, flashed a friendly smile and turned on the showerhead next to mine. She was a real stunner and when she stepped out of her costume I couldn't help slyly gazing in admiration at her body.

We started chatting as she soaped her gorgeous tits. She said she was an aroma therapist, and she was such fun that, by the time she turned off the water, we seemed like old friends. When she asked me back to her flat for a massage I eagerly accepted. She led me straight into her bedroom, undressed me and laid me on the bed. The next couple of hours were a foretaste of paradise, as her expert hands caressed every inch of my body with slow, lingering strokes. Then she gently pushed my knees wide apart to expose my open wet pussy and began servicing me with her flickering tongue, teasing round the entrance of my pussy before zeroing in with exquisite skill on my hard, swollen clit.

It was fabulous! Here's the problem, though. I'd love a threesome with her and my boyfriend but am afraid of simply ruining everything. Do you know of threesome situations that have worked?.

SC, Taunton

Threesomes can work, so long as all three people involved really want it to. And when they do it's fabulous. I think you should go ahead and do what you want to do. It might work out beautifully, with you all living happily together in a menage a trois.

"We're on holiday together but we're not really lovers - we're just good mates who enjoy sharing things, and that includes a bed sometimes. We're both students and we share a flat with three other girls from the same college. None of us have steady boyfriends, we're too young and busy. But we're all randy and we're all a bit bi, so we often get together for sex when we're feeling in need. We share everything else - the bills, our clothes, our books - so why not our beds too? And if one of us goes out and meets a nice, horny guy and brings him back to the flat, we'll share him too if we like the look of him!"

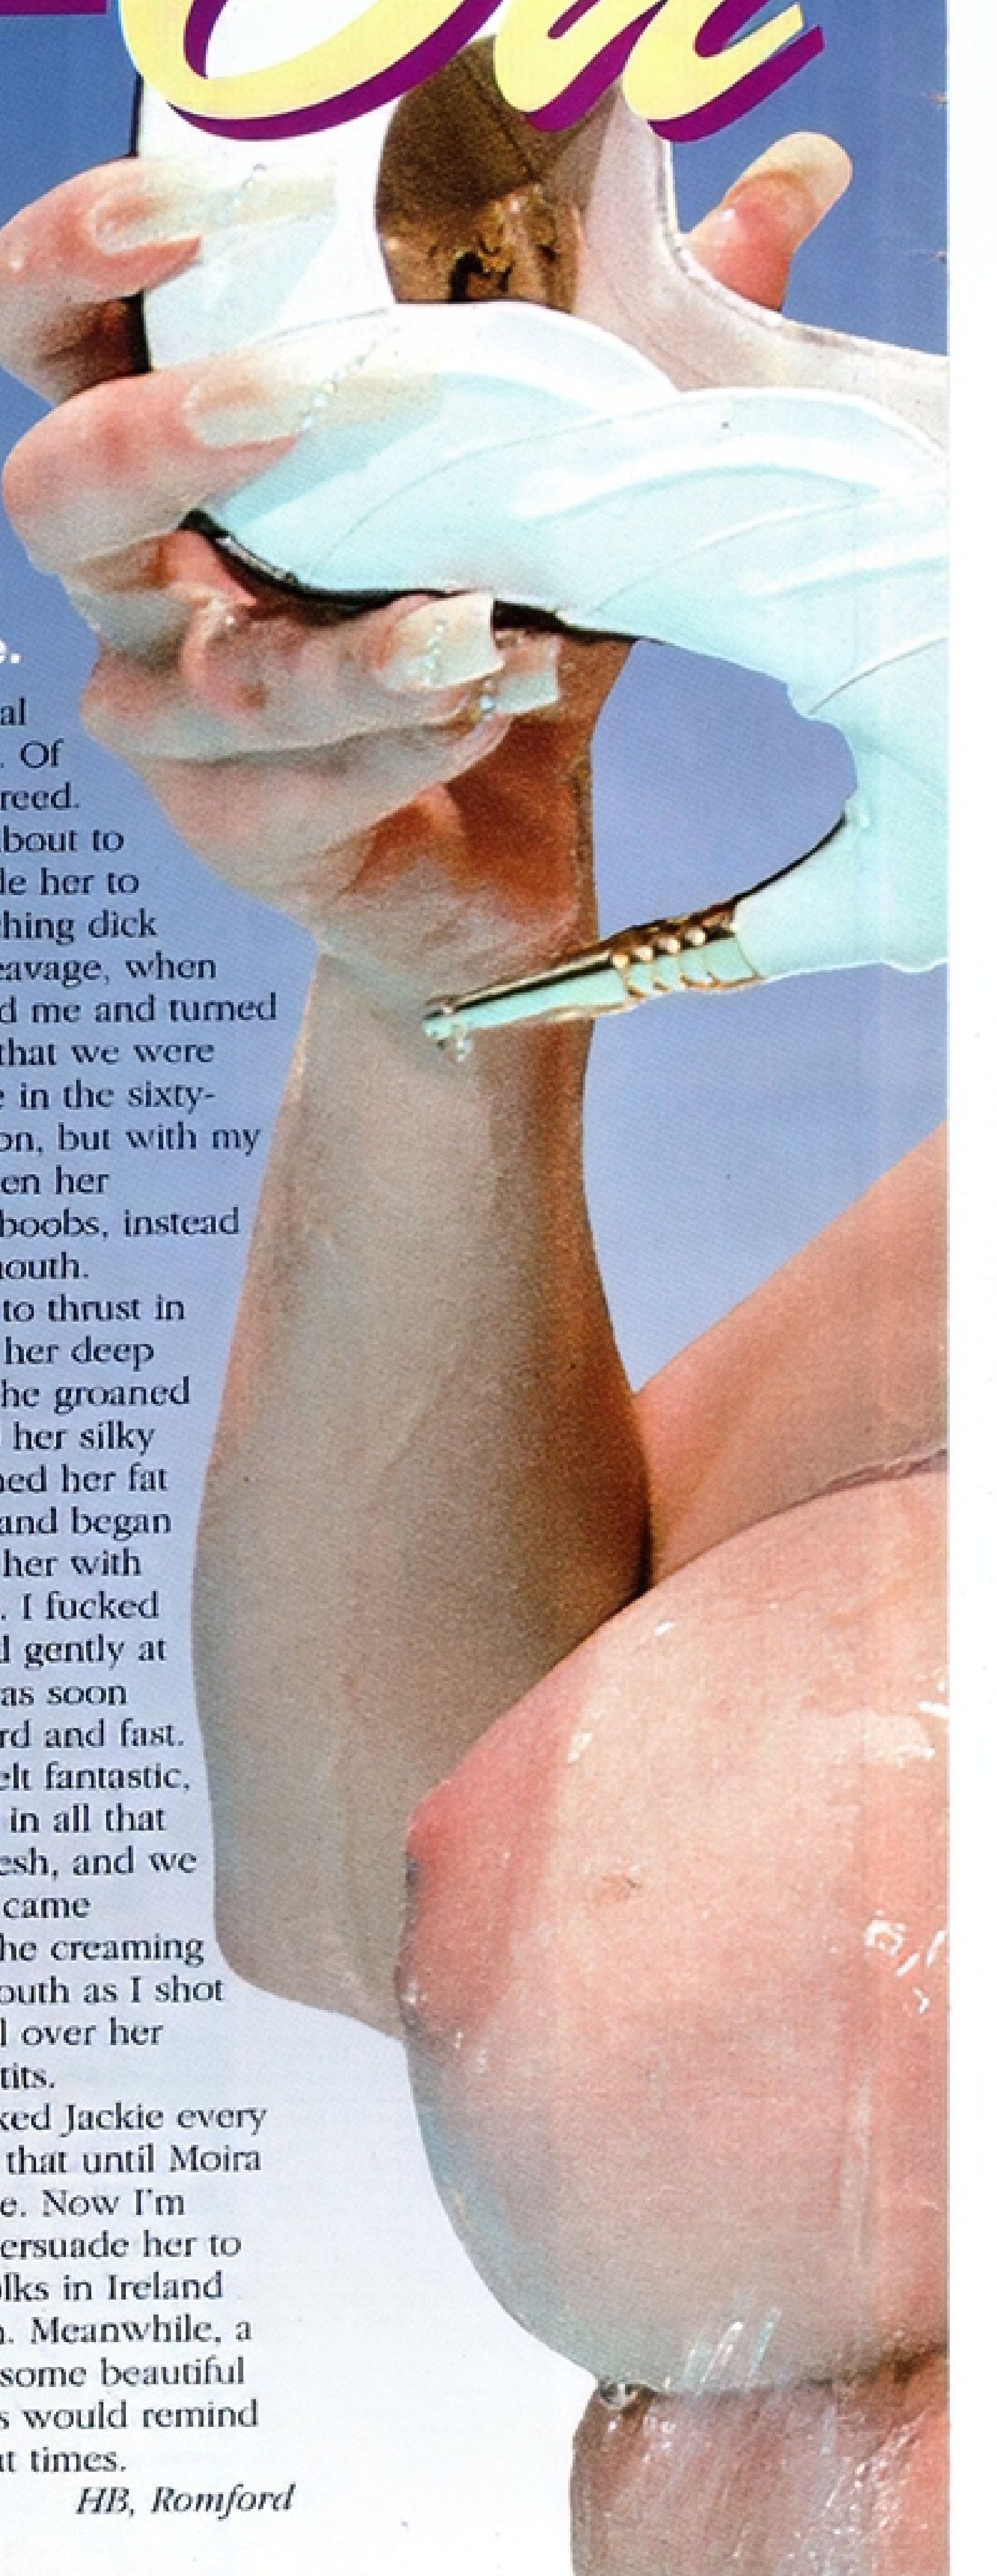
Total Turn-On

Everyone has their own special turn-on, and we're always getting letters from readers telling us about theirs. If you have something that really gets you going, write and tell us all about it. Next month it could be your Special Request featured here.



Dear Sam:
I'd love to see some really big, beautiful boobs - the bigger the better! If you've got any pictures of them all shiny and wet that would be hornier still! I haven't always been a tit man, I'm a recent convert. But something that happened quite recently turned me on to them and now I'm a dedicated lover of massive breasts.

When my wife Moira went home to Ireland on holiday for a couple of weeks she arranged for a friend of ours (I'll call her Jackie) to pop in now and again to sort out the laundry and keep the place tidy. Jackie is in her forties, but still attractive, with a great figure.

One evening I decided to turn in early. I was lying in bed, reading *FOR MEN*, and having a very pleasant J Arthur when Jackie came in and caught me in the act. I was embarrassed but, surprisingly, she wasn't. She said it was only natural for a young guy like me to get horny when his wife was away and I shouldn't be ashamed of doing something to relieve the tension. I got very turned on hearing her talk like this and when she sat down on the bed I took a chance and reached out to touch her big tits. She quickly opened her blouse to let me get at them. I was amazed at the sheer size and weight of them, so different from Moira's thirty-four inchers. I played with them for a long time, and she soon got turned on too and started playing with my rigid cock through the bedclothes.

Head To Toe

Then I slid my hand up her skirt and got my fingers under her panties and into her cunt, which was very wet and open. I played with her clit and she was soon panting and groaning as much as me. Of course, I wanted to fuck her and she admitted she wanted it too, but she said she couldn't do it as it would be unfair to my wife and her husband. But she agreed to get in bed with me if I promised not to try and have her. Then she stood up and stripped and got into bed with me.

We'd been playing with each other for some time, both getting more and more desperate, when she offered to take me between her tits, as that wasn't actual intercourse. Of course I agreed.

I was just about to kneel astride her to stick my aching dick into her cleavage, when she stopped me and turned around so that we were head to toe in the sixty-nine position, but with my dick between her mammoth boobs, instead of in her mouth.

I began to thrust in and out of her deep cleft, and she groaned as I spread her silky bush, opened her fat pussy lips and began to explore her with my tongue. I fucked and sucked gently at first, but was soon fucking hard and fast. My prick felt fantastic, enveloped in all that warm tit flesh, and we both soon came together, she creaming into my mouth as I shot my load all over her lovely big tits.

I tit-fucked Jackie every night after that until Moira came home. Now I'm trying to persuade her to visit her folks in Ireland again soon. Meanwhile, a picture of some beautiful big wet tits would remind me of great times.

Virgo

VIRGO (23 August - 22 September)
The Great Nerd moving into the House of Anorak means that you will have more success train spotting than pulling horny women, but a chance encounter in a public library will lead to an educational weekend with an attractive redhead who sleeps between rubber sheets smeared with peanut butter. A condom full of an evil-smelling liquid will fall from a high window onto your head, but will not damage your new Armani suit provided you sing the Lithuanian national anthem backwards and do not step on cracks in the pavement. Beware of large angry men in pubs who want to rip your face off. Grovelling at their feet and offering them all your money may get you out of trouble. A dodgy vindaloo will lead to casual sex with a person in a gorilla suit. On no account give them your phone number despite their supreme oral skills. The 18th is a good time for cosmetic surgery on your buttocks. Surrounding your bed with burning incense could help keep demons away but will ruin your sex life. Facial tattoos could prove an unsound career move. The seal in your bath is probably a hallucination caused by cheap bath oil fumes.

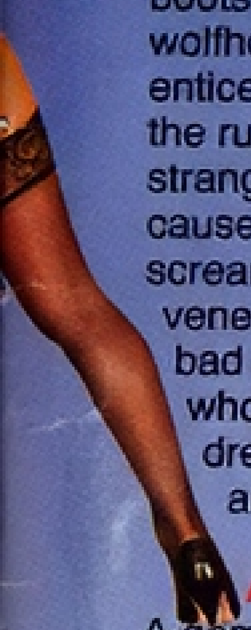
LIBRA 23 September - 22 October
You will be invited to an orgy of depraved sexuality on the 22nd, but will lose the address and have to sit at home watching Blind Date instead. The embarrassing business involving the one-legged nymphomaniac, the stuffed python and the suitcase full of blancmange may necessitate you joining the French Foreign Legion. The green eyed blonde at the off licence would like to tie you up with her stockings and whip you with silken cords but is worried that her husband might not approve. Lock yourself in the house and hide under the bed wearing a gas mask on the 27th.

SCORPIO 23 October - 21 November
Takeaway pizza and brown ale followed by a tour of your collection of garden gnomes was not the kind of cosy evening at home the fiery 44D brunette had in mind. You will never now experience her unique oily tit fucks. Serves you right for being a stingy sod. Strange howling noises in the night are not paranormal phenomena but the horny young couple who have just moved in next door. Three jelly babies, some pieces of string, and a copy of the Gas Trade Journal will have an eerie effect on your pet gerbil. Blonde nymphomaniac twins would like to have a threesome with you but a close friend has told them you are impotent.

SAGITTARIUS 22 November - 21 December
Betelgeuse in the House of Shame means that you should avoid fights unless you want to wake up in someone's front garden with a dog peeing in your ear. Covering yourself with mayonnaise and begging her to lick it off is no substitute for taking the mature but very attractive redhead out for an expensive meal, and she will definitely not allow you to wank into her handbag while whistling I Did It My Way. Do not allow yourself to be photographed in a wig, stockings and suspenders or you will end up in a readers' wives magazine. Avoid minicabs with bearded drivers, as they are mad scientists who will take you to a secret underground laboratory to steal your brain.

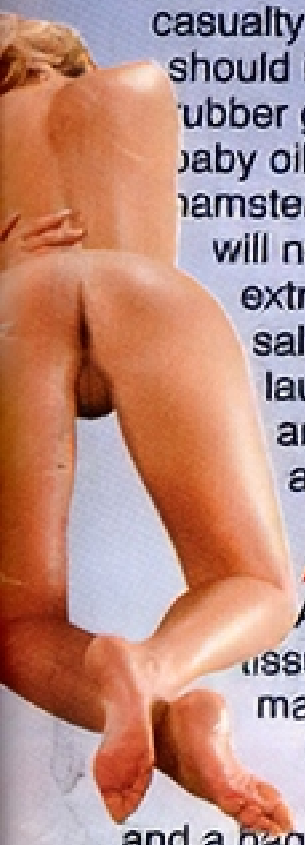
CAPRICORN
22 December - 19 January
A toilet door flying open on an Intercity train may provide an embarrassing moment, but if your partner is the Aries with pierced nipples it will be well worthwhile, even though the guard is not impressed by your explanation for the red PVC thigh

Horoscopes



boots and the Irish wolfhound. You will at last entice the gorgeous redhead in the rubber miniskirt into bed, but the strange purple blotches all over your body caused by an iffy lobster satay will send her screaming into the night fearing some noxious venereal infection. The 27th may be a particularly bad time for evil influences and you should check the whole house three times before going to bed fully dressed with your pockets full of garlic, a crucifix around your neck and the lights on.

AQUARIUS **20 January - 18 February**
A dominatrix with a strap-on sex toy and half a pound of butter may give you a pleasant surprise on the 27th. Your habit of going out naked except for a raincoat is technically legal but is bound to lead to suspicious glances, and accidentally letting it fall open could lead to unkind comments about the size of your private parts. The small, plump lady who drives a red Escort would love to be tied to the bed and spanked with a selection of wet fish, but not by you. When grating parmesan cheese, remember that the tiny pieces of skin and fingernail will add to the flavour and texture of your spaghetti. A filthy rich old lady will leave all her money to her parrot.

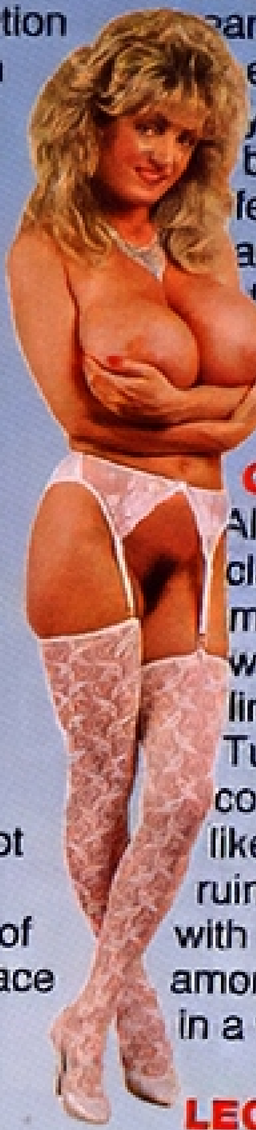


PISCES **19 February - 19 March**
The Moon passing the House of Blue Lights mean that making rude signs at policemen is a risky business this month. Talking politics with three Irishmen could lead to you sobbing bitterly in a casualty department on the 13th. Your sex life should improve. But it won't, so invest in a pair of rubber gloves, a hardcore video and a bottle of baby oil. You may be chased and savaged by a hamster when Jupiter is on the cusp, but the bite will not be as painful as you feared. The extremely ugly ornament you buy at a car boot sale will turn out to be worthless. Try not to laugh when licking Marmite from the armpit of an elderly Swiss lady as they are a proud race and she is your only chance of a shag.

ARIES **20 March - 19 April**
A cucumber, a bottle of olive oil, a box of tissues, and a large rubber sheet are all items you may find useful when visiting a new friend. Indicating right and turning left on busy roads should be avoided this month. A rubber bone and a bag of stale pork scratchings are on the bedside table of someone who desperately needs your oral skills, unless you live north of Watford. A large dog will shag your leg when you are attempting to impress a trainee masseuse who needs someone to practice on. Water cascading down the stairs is a sign that you forgot to turn the bath off. The bored housewife from nextdoor will not visit you again if you don't stop farting. Do not lick a bicycle saddle on the 19th.

TAURUS
20 April - 20 May
Mercury in the House of Beatie may result in higher phone bills, so try to limit your phone sex calls to your work phone. Mars on the cusp means that all the women you meet will want to sit on your face, except on Thursdays. Getting drunk in the afternoon and falling asleep in a stranger's front garden may lead to an earwig crawling into your ear and laying eggs in your brain. If you see a large, bearded person drinking a pink cocktail through a bendy straw you are in the wrong pub. To attract good fortune, always carry a small piece of fish in your underpants. You may find a glass eye at the bottom of your milkshake.

GEMINI **21 May - 20 June**
You will indulge in self-pleasuring at least three times a day after the 16th, but be especially careful on the 22nd or an Avon saleslady may catch you at it and sneer at the flaccidity of your member. You may meet a PVC-earing bondage lover who is keen to show you some ew knots, but if she has a budgie called Fred make your excuses and leave. Coleslaw, cocoa butter, boxer shorts with stupid jokes on and elastic bands feature in the lewd fantasies of someone you know and who fancies you, so proceed with caution after the 28th. A small yellow plastic object you find in a cereal packet may prove a useful icebreaker at business lunches.



CANCER **21 June - 22 July**
Allowing a blonde who is into handcuffs and nipple clamps to lick thick cut marmalade off your engorged manhood could open the way to a wonderful new world of sexual perversity, but make sure it is not lime flavour. Take care when putting up shelves on a Tuesday, as knocking a nail through an electric cable could ruin your day. Those born before 12 July are likely to have a threesome in a lift this month, but will ruin it by farting at a crucial moment. Messing about with large strangers' drinks in bars may raise a laugh among your friends but be aware that you could end up in a wheelchair doing occupational therapy.

LEO **23 July - 22 August**
Janus in the Crab Nebula means the planets are aligned so as to favour sex in a haystack, so make arrangements for a trip to the country towards the end of the month. This is also a perfect time to take advantage of those steely morning erections, as your new postwoman is a lady with an incredibly muscular vagina who will milk you until your nose bleeds. A John Major mask, an improbably large vibrator, and a carrier bag full of jelly babies will prove to be vital evidence in a forthcoming court case, so make sure everyone gets the story straight and don't say a word until you've seen a solicitor. Try not to think about sex so much.

PAUL McKENNA

Are you resolved to overcome an unhealthy weakness or bad habit? Do you long to fully realise the natural potential within you?

If so, Paul McKenna's Easy Way to Health & Fitness videos could provide just the aid you need.

PROVEN SUCCESS

Paul McKenna is one of the world's most successful hypnotists. He has helped thousands of people, from leading business people to Olympic athletes, to maximise their performance.

Now, these same techniques are available to you on the most effective hypnotic videos in the world.

Hypnosis really works. There are no side effects. It's powerful and it's safe.

THE *POWER* OF YOUR MIND

Your conscious mind and behaviour is strongly affected by your unconscious mind. Negative attitudes in your unconscious can seriously impede your conscious efforts.

A hypnotically induced state of trance gives you the vital key to change your unconscious mind. Paul McKenna's hypnotherapy technique, now available to you on video, can create this for you - a temporary, safe and profoundly relaxing state of trance.

SIMPLY *WATCH* THE VIDEO

The secret is that you don't have to do anything but watch. You just let it happen. And everyone can do it. While you are watching the tape your unconscious mind will absorb the suggestions you are offered. Every conscious effort you then make will be backed up by the power of hypnotic suggestion.

IMMEDIATE IMPROVEMENT

The improvement starts after the first viewing and generally takes a few weeks to complete. Even though you may achieve instant success, keep watching this video.

The Write Stuff

grabbed him and smacked his arse with my belt. And to my amazement he got the biggest erection I'd ever seen him with - a good three inches - and came. Then he knelt at my feet, licking my boots and begging my forgiveness. From then on he was my slave, banished from my bed and reduced to a mere servant. I made up my mind to find my sexual pleasures with other women.

Now I have a beautiful young girlfriend of nineteen, called Katie, who is wonderful. We spend whole days in bed together, kissing and stroking and probing and doing lovely things to each other. We give each other fantastic comes.

The wimp's task is to look after us. Dressed as a common serving slut in an ugly dress, bloomers, thick stockings and clumpy shoes, he prepares meals, serves drinks and does all the chores. We also often use him for our entertainment. On our very first night together she reduced him to tears with her words alone when she caught him sniffing her panties and masturbating.

We often round off a weekend of sex together with one of us queening him while the other torments his tiny dick, both of us laughing at the ridiculous sight, then we punish him, because it gives us pleasure and because it serves him right.

TA, Guildford

WHAT A WAY TO GO!

I'm writing to say how much I loved Cindy and Gaby in the March issue. Totally gorgeous! I just can't get them out of my mind. Ever since I first saw them I've been fantasising about having a threesome with these two wonderful young animals. I'd probably keel over later with sheer exhaustion, but what a way to go! I've spilt something all over the pictures (coffee, honest!) so could you please print another one for me?

LS, Nuneaton

(See left friend - Sam)

A Bradford massage parlour is offering reduced rates to OAP's who produce a medical certificate certifying they have not got a weak heart. 'We daren't risk them popping their clogs on the table,' said the manageress.

WOMEN NEED A MASTER

I am an attractive and very horny twenty-year-old housewife with a useless husband who is more interested in football and beer than sex. But I don't care, because I have a lovely, big (ten inch!) nobbly vibrator which I sent away for, and a load of lovely fantasies in my head. So who needs men?

One of my favourites at the moment is to be bound by two beautiful young guys who love me very much, but believe (as I do) that women need to be mastered. They would spread me on my back on a big bed and put me into bondage, with secure but soft silken ropes tying my ankles and wrists to the four corners of the bed, my eyes covered with a soft velvety blindfold.

Then one would gently fuck my bright red lipsticked mouth with his lovely, big cock, while the other slides in and out of my tight, wet cunt. We all three come at the same time, and I get two lovely loads of hot, salty cream.

In another version I am the meat in a sandwich, with one guy fucking me from behind and reaching round to play with my clit, while the other guy has his prick between my big tits, fucking my deep cleavage (I am 38C) while I suck his knob. The thought of having two big dicks for my pleasure is just too much to bear!

I always think of these things while I've got my vibrator buzzing away inside me and I'm gently stroking my cream over my hard clit and tweaking my nipples. I get brilliant

Vera & Kelly

"Kelly and I like guys but we regularly go to bed with other girls. There's something about girl-to-girl sex that's totally different from sex with a man and we love it.
Let's be honest. All women love oral, and no man can suck a clit as well as a woman. Women are so gentle, and they're never in a rush.
And of course they know their way around a pussy better than any man ever could. There's loads of bi girls around here, and quite a few of them are married. They nip home from an afternoon in bed with us, still all wet and sticky, just in time to be there when their husband gets in from work.
Those guys would be amazed if they knew that wifey had been sitting on another girls face all afternoon."

How To Leave A Message For Someone On Our New Voice Mail

We have now got a new, easier system on our Voicebox Service, either to leave a message for that special someone or to listen to messages left for you, just dial 0891 232274. Following a brief explanatory message, you will be guided through choices which you can access by just requesting the service you require.

To Leave A Message For Someone

You will be asked the number of that persons Voice Mail Box from the bottom of their ad. (in brackets after the telephone number) so have this to hand. You will then be able to record the message you wish to leave and hear it played back.
Don't worry, we will not 'post' your message until you are 100% happy with it.

When you make your message, remember to include the sort of things that might make the other person to be attracted to make contact with you. And don't forget the basics - age, sex, height, colour of eyes and hair, what part of the country you live in and any specific contact details, especially concerning discretion.

We have now got a new easier system to work on, you can use any telephone when using this new service. If you have any problems about this or questions, one of our operators will be glad to help. Our office is manned from 9 am to 6 pm every day except Bank Holidays. (Just call 01202 760272). Calls are charged at 39p per minute at cheap rate and 49p per minute at all other times.This service is operated by TMG Ltd., in conjunction with this magazine, PO Box 1186, Bournemouth BH24 3YL.

comes at times like that, and I've just sent away for a smaller vibrator for a bit of bum pleasuring which I'm really looking forward to. Like I say, who needs men?

STRADDLED TO SUBMIT

As a fan of fighting females, I was interested by the recent letter about tit boxing, in which big-boobed topless ladies with their hands tied behind their backs try to knock each other down with their tits.

I have never seen that, and it sounds very exciting, but for me the best kind of female fighting is that known as cat fighting, in which two girls are put into a ring together and left to fight it out in any way they please. Their are no rules, no ref, no round breaks, and no holds are barred. Anything goes. Sometimes they start nude, and sometimes they start in bikini bottoms, but my favourite is what they call 'glamour' where they enter the ring beautifully made up, dressed in stockings, suspenders, bra and panties. Sometimes they are even wearing stilettos.

They invariably end up stark naked. Of course a lot of the pleasure comes from seeing them getting their clothes literally ripped of them, hearing them screaming at each other, and watching as they deliberately force each other into humiliatingly revealing positions.

A favourite move of mine is the straddle pin, in which one girl sits astride the other's face and hurts her tits and nipples until she submits. I only know of one or two places, both in London, where cat fighting can be enjoyed. But I'm sure it can be found elsewhere too, if you know where to look.

MY WIFE'S LESBIAN LOVER

My wife Dana is twenty-three and I am forty-eight. I am very ordinary looking, but she is gorgeous, tall and blonde, with a fabulous body - her legs are slender and endlessly long. Dana married me because I can give her a good lifestyle (I have my own successful business) but I knew before we married that I could never satisfy her sexually, and agreed that she should be free to do as she pleased.

I never poke my nose into her affairs. If she is in bed with someone when I come home, I stay downstairs out of the way. I get my pleasure later when she takes me in hand and tells me what she's been doing in great detail. But the other night she'd left the bedroom door open and I couldn't help hearing her and her lover. The bedsprings were going like mad and I could hear her groaning and panting and calling out "Fuck me, fuck me, please..." Suddenly I had an enormous hard on and I felt I just had to see them for myself.

I crept up the stairs, dick in hand, and peeped cautiously round the door. Dana was on her back on the bed, her lovely long legs wrapped around the athletic figure between them, which was slamming into her hard and fast and deep. I wanked as I watched my beautiful young wife being fucked, then heard her come over and over again.

It was only when they had finished fucking, and Dana's lover rolled of her and they lay side by side, sweating and panting and kissing and cuddling, that I realised that my wife's lover was a beautiful young girl, very slim and boyish-looking, with an enormous dildo strapped onto her, which she certainly knew how to use. Then I came too!

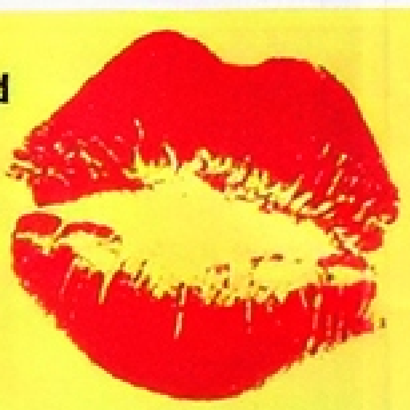
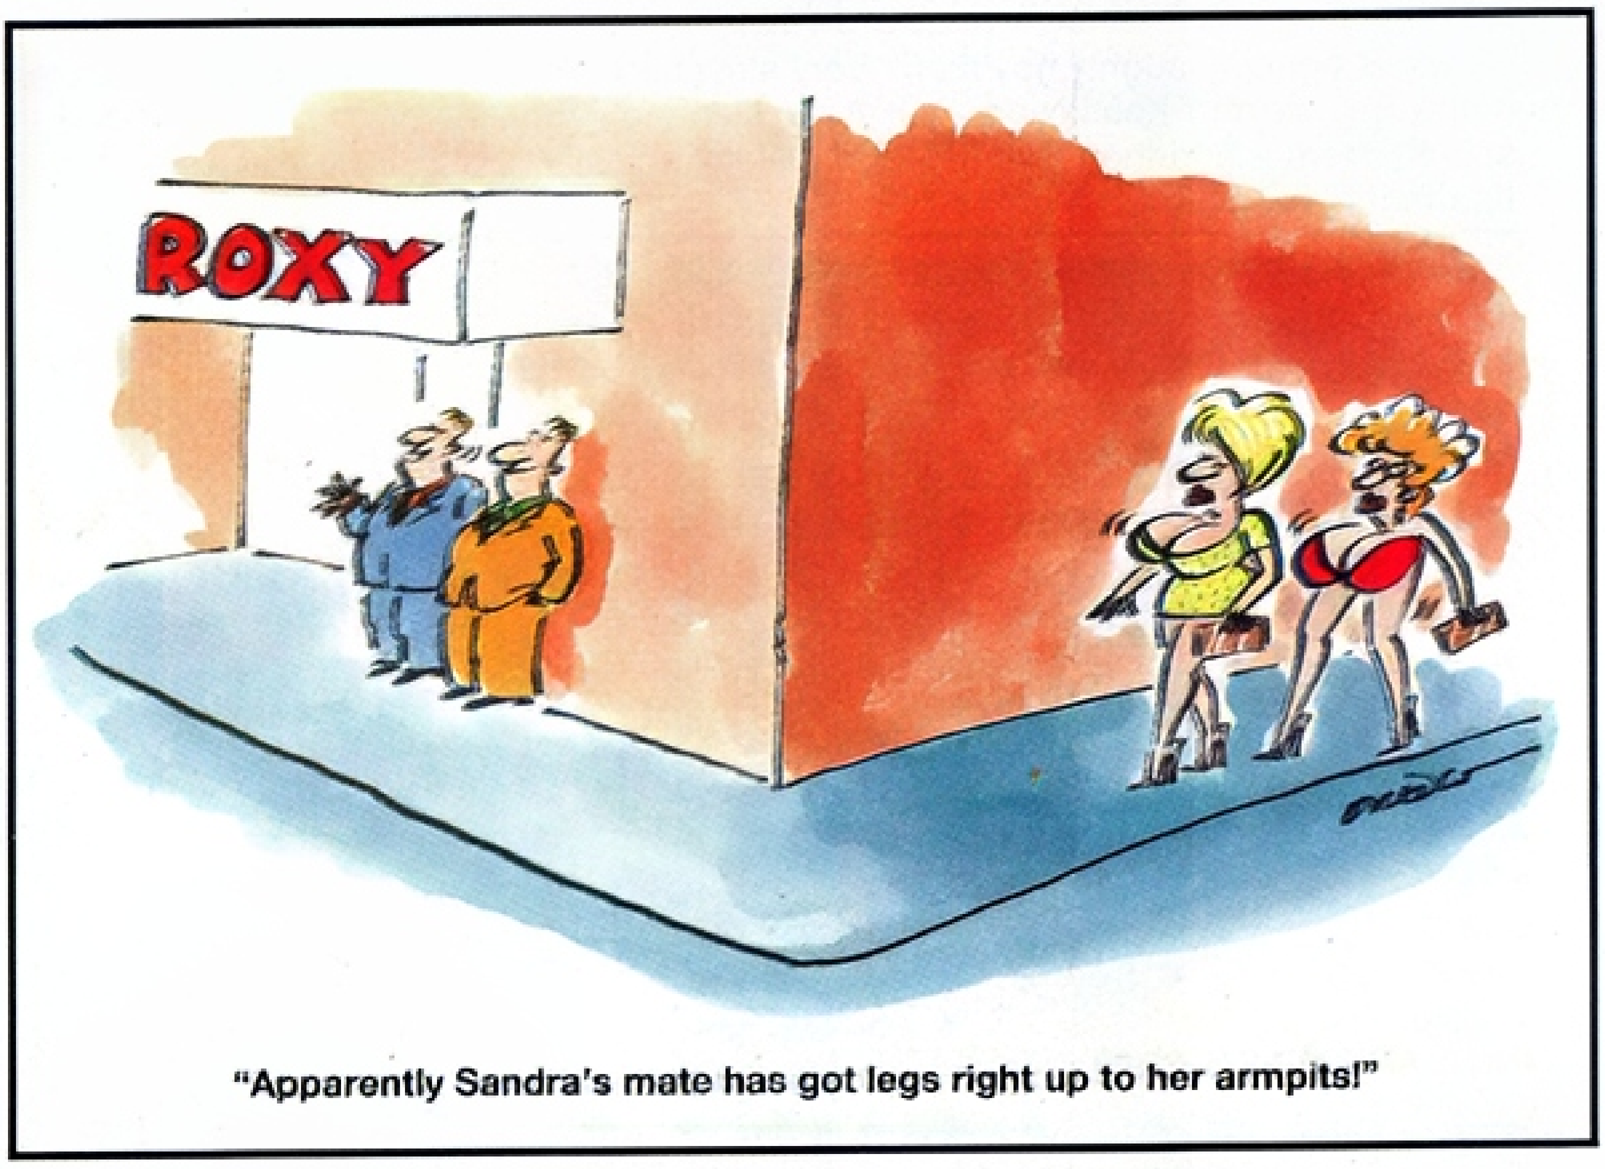
American engineers have developed a radar scanner which can see through clothes, to be used at security checks. The operator sees a computer generated image of the subject's naked body in a pair of video goggles.





"Apparently Sandra's mate has got legs right up to her armpits!"

Riding Habits

"There's something about riding and riding gear that's very erotic. Just sitting astride some powerful beast, legs spread wide, often makes women come. And the tight breeches, the smell of leather, the harness, the riding crop, are all very fetishy things. People get incredibly turned on here. Like this young stable girl. As soon as I touched her she just fell into my arms. She was totally inexperienced, but so excited and eager to learn. I just kissed and stroked her, then lay down with her in the straw and encouraged her to explore my body with her fingers and mouth. She was a bit nervous at first, but once she'd got her first taste of pussy she just couldn't get enough. She was licking and sucking me for ages and gave me some brilliant orgasms before she begged me to do the same for her. She went off like a rocket. She made so much noise I was afraid she'd frighten the horses."
